

The logo for Berry Place, featuring the words "berry place." in a white, lowercase, sans-serif font. A small red dot is positioned at the end of the word "place." The background is dark grey with large, overlapping circles in varying shades of grey and black.

berry place.

Company Profile

Making Ideas Take Shape

Berry Place provides specialist design and manufacturing services to leading UK creative agencies, retailers and global brands, developing their concepts into three-dimensional solutions of exceptional quality.

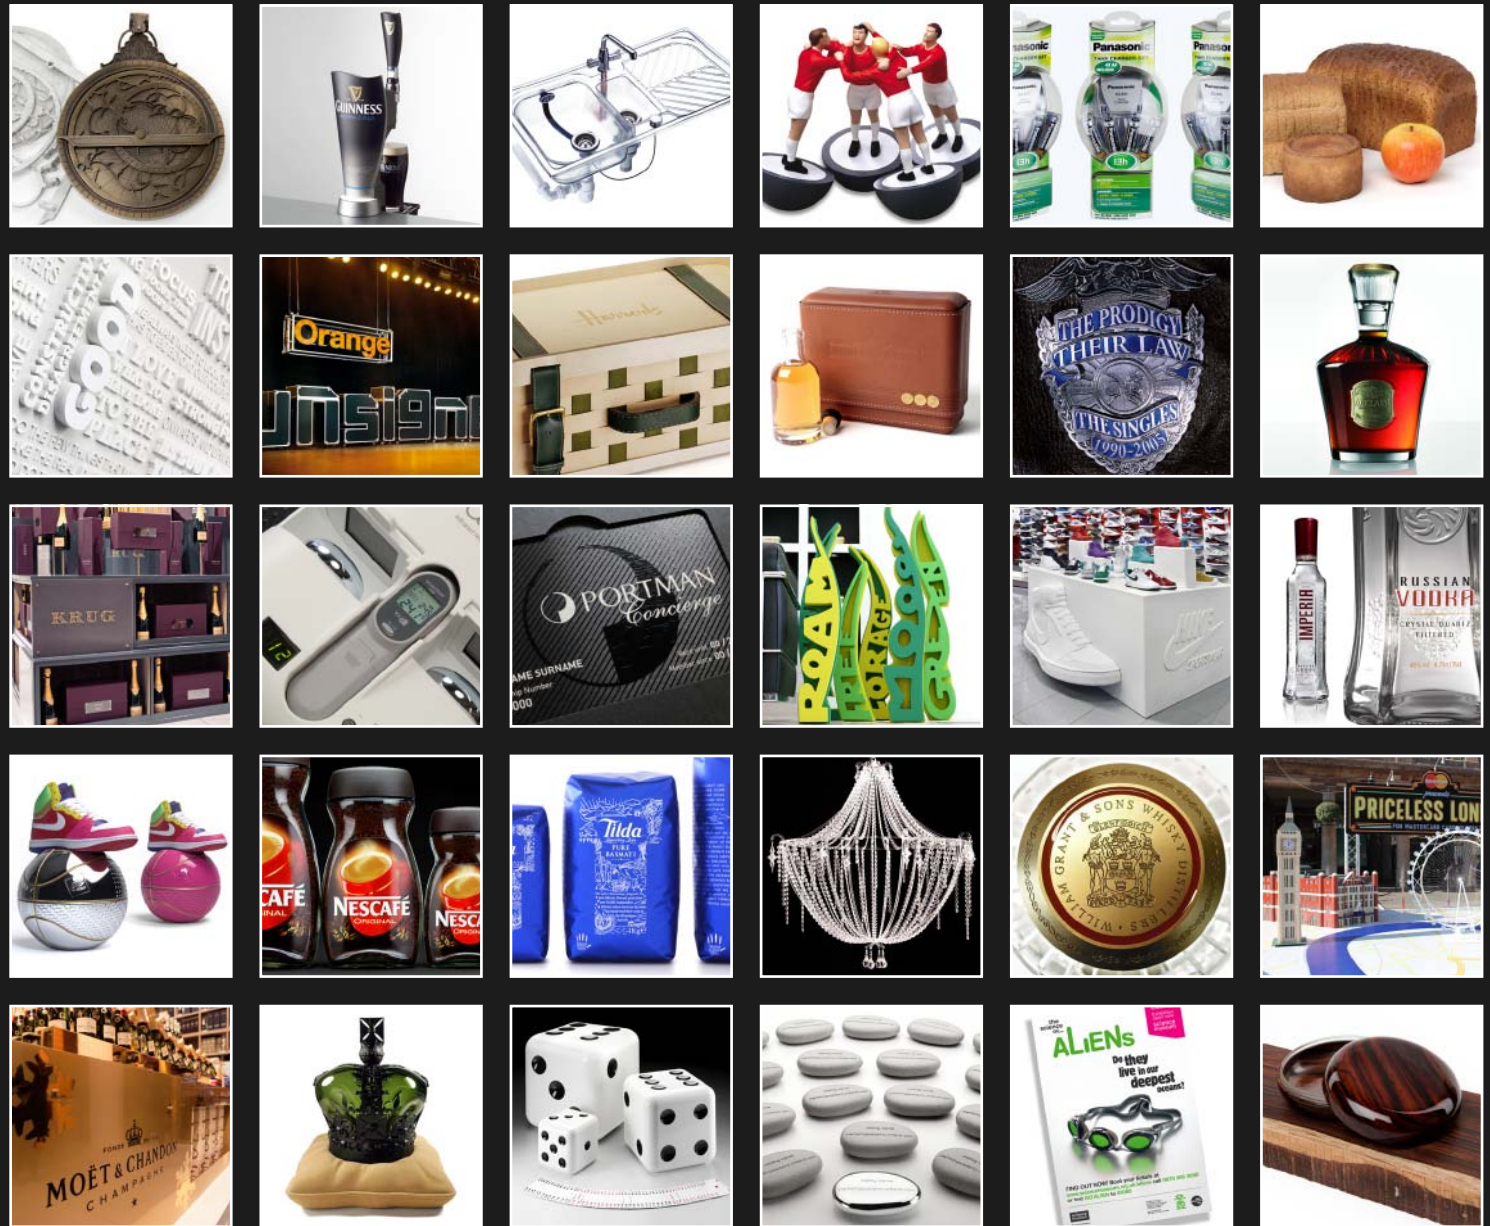

Our broad skills base and ability to combine innovative technical processes with genuine creativity and problem solving, allow us to undertake an extraordinarily diverse range of projects.

With over twenty years experience and our understanding of production and manufacturing constraints, we enable clients to make informed decisions to ensure optimum outcome of the end product.

Since being established in 1990, Berry Place has successfully completed over 5000 projects.

We have resisted specialising in one singular aspect, instead adapting to meet the demands of changing applications, embracing new materials and processes as they have become available.

This ensures we are able to deliver multifaceted projects that require knowledge of diverse manufacturing methods by bringing them all together under one roof.

Experienced

Fields of expertise

- 3D CAD modelling and data creation
- Design
- Model making
- Retail - POS and visual merchandising
- Specialist packaging development and prototyping
- Proof of concept models
- Short run production
- Media and promotional models
- Museum and exhibition displays
- Bespoke awards
- Pitch tender and brand marketing packs

Comprehensive

Whether the job requires a unique commission or a low volume production run, we apply the same level of devotion and expertise to every task, no matter what phase we join the project.

We value close communication with our clients and manufacturers, advising on practical design aspects at the inception, empowering clients to make informed decisions through to the completion of the final product.

Dedicated

Constructive

We use the latest CAD software and cutting edge technology to bring clients' concepts to life.

With our fully equipped workshops, highly motivated team and nationwide industry connections, we can make almost anything you can imagine.

For projects requiring more specialised processes, we have developed a network of well-trusted individual craftsmen and suppliers, ensuring that the required service is always available without incurring large costs through investment in special equipment.

Technical

We pride ourselves on providing a high quality and confidential service, delivered on time and at a competitive price. Maintaining these high standards, whatever the size of the project, sits at the heart of our outstanding reputation both within the industry and among our diverse range of clients.

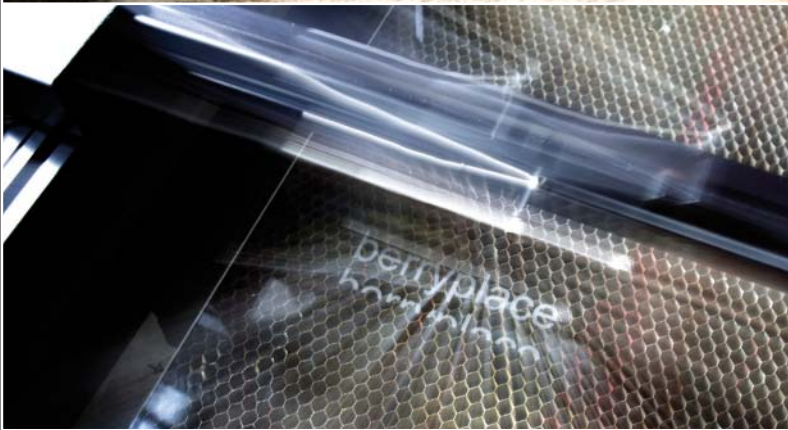

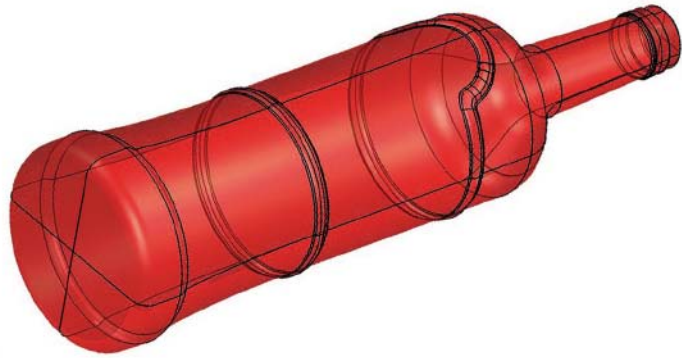

Dear Team Berry Place,
Thank you so much for your hard work on both Moët and Dom Pérignon - the executions are phenomenal and you've all been an absolute pleasure to work with! Looking forward to working with you again!
Sparkling Regards,
Team Moët & DP
